My dear friends:

On returning from my vacation I inquired of the officers of the Workers' Council as to the action they might have taken to acknowledge the debt of gratitude we owe to you for your kindness on August 4th. I found that they had passed a resolution extending their heartfelt gratitude to you for the cooperation you extended to us, but for reasons over which they had no control had not conveyed this information to you.

I am sure you would be interested to know that the day at the park enabled us to increase the ticket sales to such a degree that the Council cleared nearly \$400 on the effort in which the refrigerator was raffled. This sum has been placed at the disposal of the New Jersey Urban League in the fund-raising effort in which we have been engaged.

We do want you to know that the Urban League official family as well as the membership of the Workers' Council are extremely grateful to you for your kindness in this instance.

Sincerely yours,

Harold A. Lett
Executive Secretary
